It's simple. It's efficient. It's revolutionary. The Skywell 50 Mobile Hydration Station

How it works

Just plug it in. The Skywell 50 takes in ambient air, and through a proprietary condensation process it collects moisture, then meticulously filters it to remove impurities.

Why it's better

No rusty pipes. No delivery trucks. No plastic bottles. The Skywell 50 reliably delivers up to 50 gallons per day of clean, pure water.

PLASTIC FREE

PIPE FREE

CHEMICAL FREE

Model code	SKYWELL 50
Power rating	AC230V 60Hz/15Amps peak draw 20 Amps
Power	2.4 kW
Water temperature	≥38°F
Internal storage cap	52 gallons
Min humidity	>34% RH
Weight	542 lbs.
(HxWxD)	55" x 46" x 46"
